

Your Green, EPA Endorsed, Super Safe, Cost-Saving Cleaner!

Klever Klean™ Super Concentrate Cleaner has been formulated in partnership with the U.S. Environmental Protection Agency to provide a safer, more environmentally preferable alternative to your current cleaner without sacrificing performance.

This highly concentrated, versatile cleaner is formulated to take on a wide range of cleaning jobs. It is able to quickly power off the most stubborn soils and greases from any surface not harmed by water. Dilute it for use in a bucket with a sponge, in spray bottles, in mop buckets, floor scrubbers or pressure washers.

There are many economic benefits to Klever Klean™ Super Concentrate as well! Due to its high concentration you will save money on freight, inventory and handling. No longer will your employees use far more concentrate than necessary; Klever Klean™ pre-measured two ounce, five ounce and fifteen ounce packets easily deliver the perfect dilution whether used in a mop bucket, auto scrubber or ride-on.

Reduce waste and save money!

Benefits

Klever Klean™ Accu-Measure Pouch System

Reduced cost for freight, inventory and handling

Less storage space required

Eliminate drum pumps and portion control devices

Standardization for uniform results

Save money
Be green
Reduce your carbon footprint

Formulated in partnership
with U.S. Environmental
Protection Agency
